Re: Request for re-mailing the Office Action and restarting the reply period

Dear Sir,

Based on the on-line Patent Application Information Retrieval system, a Non-final Rejection was mailed on July 9, 2003; however, I did not receive the document.   A request was made to Examiner Meeks by telephone to have the Office Action re-sent with the reply period restarted.   According to the PAIR system, the aforesaid Non-final rejection was mailed by the Office on Sept. 10, 2003. I did not receive the subsequently mailed Office Action either. Examiner Meeks indicated he was unable to fax the Office Action and for me to obtain the Office Action with the reply period restarted, I need to file a written communication to the office providing evidence that I did not receive the Office Action.

I hereby request again the re-mailing of the Office Action with the reply period restarted.   Enclosed please also find, for your reference, a copy of our mail room log book for the periods of July 9, 2003 to August 9, 2003 and September 10, 2003 to October 9, 2003, proving no receipt of the aforesaid document.

Thank you for your attention and assistance in this matter.   If there is any problem, please feel free to contact me either through fax or email (at belinda@jcipgroup.com.tw).

Respectfully Submitted,
JIANQ CHYUN Intellectual Property Office
